ABOUT LD MICRO:

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space.

What started out as a newsletter highlighting unique companies has transformed into several influential conferences annually (Invitational, Summit, and Main Event).

In 2015, LD Micro launched ldmicro.com as a portal to provide exclusive intraday information on the entire sector, including the first pure microcap index (LDMI) which covers stocks in North America with market capitalizations between \$50-\$300m.

ABOUT SINGULAR RESEARCH:

Singular Research aims to be the most trusted supplier of independent, trusted, single-sources research on small-to-micro cap companies to the small-to-medium sized Hedge Fund manager. Singular Research provides quarterly updates for 40 to 70 companies and makes recommendations.

Singular strives to achieve goals by finding under or overvalued securities. Singular's goal is to provide initiation reports and quarterly updates for approximately 40 micro to small cap companies. In most cases, Singular analysts research companies that are not covered by any other firms.

Singular provides honest advice. Independent analysts have no financial interest in the stocks covered. Analysts are compensated based on the accuracy of their research calls not through trading commissions or potential deal flow.
